

Associate Degree of Biomedical Sciences (ABSC) - AssocDeg BioMedSc New

QTAC code (Australian and New Zealand applicants): External: 906935; Toowoomba campus: 906931

CRICOS code (International applicants): 098991A

	On-campus [^]	External [^] @+
Semester intake:	Semester 1 (February) Semester 2 (July)	Semester 1 (February) Semester 2 (July)
Campus:	Toowoomba	-
Fees:	Commonwealth supported place Domestic full fee paying place International full fee paying place	Commonwealth supported place Domestic full fee paying place International full fee paying place
Standard duration:	2 years full-time, 6 years part-time maximum	
Program articulation:	To: Bachelor of Biomedical Sciences	

Footnotes

- [^] Semester 2 entry is only available part-time, therefore is not suitable for international students who wish to study full-time on-campus.
[@] The external offering is available to international students residing in Australia but there are mandatory and highly recommended residential schools at a USQ campus.
⁺ The external offering is not suitable for international students studying from overseas.

Program aims

The Associate Degree of Biomedical Sciences aims to provide education and training for medical technicians and or technical officers to service the public and private medical pathology laboratory industry. A secondary aim is to provide graduates that will be able to play a role in the biomedical arena including research, technical, advisory and commercial roles.

Program objectives

Graduates from the Associate Degree of Biomedical Sciences should be able to:

- apply a broad theoretical and practical knowledge in the medical laboratory sciences.
- collect, organise, analyse and interpret foundational medical laboratory science literature and basic laboratory data using appropriate experimental, computational, statistical and technological approaches.
- exhibit foundational scientific literacy and oral, written and digital communication skills to explain broad medical laboratory science concepts to a range of audiences.
- apply practical laboratory and technical skills to generate accurate scientific data.
- work independently or collaboratively in teams to analyse issues and develop appropriate solutions to problems across a range of cultural, institutional, national and global contexts.
- demonstrate a working knowledge of ethical, professional and workplace health and safety requirements in research and clinical laboratories.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 06. Graduates at this level will have broad knowledge and skills for paraprofessional/highly skilled work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Program Information Set

View USQ's admission criteria, student profiles and a summary of all offers made under [Course Admission Information Set](#) via the QTAC website.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Have achieved a minimum Overall Position (OP) **15**, tertiary entrance rank **66** or equivalent qualification.[^]
- Subject pre-requisite: English (4,SA) or equivalent.
- English Language Proficiency requirements for Category 2.

Applicants are advised to also address the following:

- Recommended prior study: one of Biological Science, Chemistry or Science21 (4,SA) or equivalent.
- Assumed knowledge expectations: Mathematics A (4,SA).

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

[^] These are determined by the University for specific programs each Semester. The 2019 OP and tertiary entrance ranks are based on agreed QTAC schedules which assess formal study at Year 12 or [equivalent level](#), tertiary, preparatory, professional or vocational qualifications or work experience, as detailed in the QTAC Assessment of Qualifications Manual and QTAC Assessor Guidelines.

Special admissions may help you get into the program of your choice by increasing your Selection Rank. The additional points don't apply to all applicants or all programs. Please read the information about USQ's [Special Admissions](#) carefully to find out what you may be eligible for.

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

The program comprises of 16 units including 8 core courses/units.

Required time limits

Students have a maximum of 6 years to complete this program.

Core courses

Course	Semester(s) offered	Mode
BIO1203 Human Anatomy and Physiology 1 *	1,3	ONC, EXT
BIO1103 Pathology Studies	1	ONC, ONL
CHE1110 Chemistry 1 *	1	ONC, EXT
BIO1204 Introduction to Biomedical Sciences *	1	ONC, EXT
BIO1104 Medical Microbiology and Immunology 1 *	2	ONC, EXT
CHE2120 Chemistry 2 *	2	ONC, EXT
STA2300 Data Analysis	1,2,3	ONC, ONL
BIO2107 Cell and Molecular Biology 1	1	ONC, ONL

Footnotes

* Highly recommended residential school

Biomedical Sciences

Course	Semester(s) offered	Mode
BIO1206 Human Anatomy and Physiology 2 ^	2	ONC, EXT
BIO2118 Systems Physiology and Pharmacology *	1	ONC, EXT
BIO2119 Biochemistry of Nutrition	2	ONC, ONL

BIO2218 Concepts in Endocrinology*	2	ONC, EXT
BIO2120 Techniques in Comparative Physiology 1~	1	EXT
BIO2220 Techniques in Comparative Physiology 2~	2	EXT
BIO2106 Medical Microbiology and Immunology 2*	2	ONC, EXT
BIO2219 Genetics	2	ONC, ONL

Footnotes

^ Highly recommended residential school

* Highly recommended residential school (ONC students and EXT students attend Residential School)

~ Mandatory residential school

IT requirements

Students should visit the USQ [minimum computing standards](#) to check that their computers are capable of running the appropriate software and versions of Internet web browsers and to check the minimum and recommended standards for software.

Residential schools

The attendance requirement of residential schools within this degree is indicated by the following letters: V = Voluntary; O = Optional; C = Compulsory; R = Recommended; HR = Highly Recommended; M = Mandatory. Find out more about [residential schools](#), visit the [Residential School Schedule](#) to view specific dates for your degree, or visit the [Policy and Procedure Library](#).

Core Courses

- [BIO1104 Medical Microbiology and Immunology 1](#)
- [BIO1203 Human Anatomy and Physiology 1](#)
- [BIO1204 Introduction to Biomedical Sciences](#)
- [CHE1110 Chemistry 1](#)
- [CHE2120 Chemistry 2](#)

Biomedical Sciences

- [BIO2106 Medical Microbiology and Immunology 2](#)
- [BIO2118 Systems Physiology and Pharmacology](#)
- [BIO2120 Techniques in Comparative Physiology 1](#)
- [BIO2218 Concepts in Endocrinology](#)
- [BIO2220 Techniques in Comparative Physiology 2](#)

Articulation

The Associate Degree of Biomedical Sciences will articulate into the [BBSC Bachelor of Biomedical Sciences](#) if students have followed the recommended enrolment pattern.

Credit

Exemptions/credit will be assessed based on the [USQ Credit and Exemption Procedure](#).

Enrolment

Progression

Students are advised to consult with student support usq.support@usq.edu.au in situations where their progression is affected either by failure in pre-requisite courses, or where they choose a part-time study pattern.

Recommended enrolment pattern

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.

Major study: Biomedical Sciences								
Course	Year of program and semester in which course is normally studied						Residential school	Enrolment requirements
	On-campus (ONC)		External (EXT)		Online (ONL)			
	Year	Sem	Year	Sem	Year	Sem		
Year 1								
BIO1103 Pathology Studies	1	1			1	1		
CHE1110 Chemistry 1 *	1	1	1	1			HR	
BIO1203 Human Anatomy and Physiology 1 *	1	1	1	1,3			HR	
BIO1204 Introduction to Biomedical Sciences *	1	1	1	1			HR	
BIO1104 Medical Microbiology and Immunology 1 *	1	2	1	2			HR	
CHE2120 Chemistry 2 *	1	2	1	2			HR	Pre-requisite: CHE1110
BIO2119 Biochemistry of Nutrition	1	2			1	2		Co-requisite: CHE2120
BIO1206 Human Anatomy and Physiology 2 *	1	2	1	2			HR	Pre-requisite: BIO1203
Year 2								
STA2300 Data Analysis	2	1,2			2	1,2,3		Enrolment is not permitted in STA2300 if STA8170 or STA3100 has been previously completed.
BIO2107 Cell and Molecular Biology 1	2	1			2	1		Pre-requisite: CHE2120
BIO2118 Systems Physiology and Pharmacology *	2	1	2	1			HR	Pre-requisite: BIO1203
BIO2120 Techniques in Comparative Physiology 1 ~			2	1			M	Pre-requisite: BIO1204
BIO2106 Medical Microbiology and Immunology 2 *	2	2	2	2			HR	Pre-requisite: BIO1104
BIO2218 Concepts in Endocrinology *	2	2	2	2			HR	Pre-requisite: BIO2118
BIO2219 Genetics	2	2			2	2		Pre-requisite: (BIO1100 or BIO1101 or BIO1204)
BIO2220 Techniques in Comparative Physiology 2 ~			2	2			M	Pre-requisite: BIO2120

Footnotes

- * Each of these courses has highly recommended residential schools. Candidates with evidence of Recognised Prior Learning (RPL) may seek exemption from some courses and/or residential schools in the 1st year of the program.
- ~ Mandatory residential school.
