## Program fees

### Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called **FEE-HELP** provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for **FEE-Help**.

### International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

### Fee exempt places

All domestic students are offered a fee-free place provided they meet the citizenship and residency requirements as follows:

- Australian citizens
- holders of a Permanent Humanitarian Visa (and resident in Australia)
- holders of a Permanent Resident Visa (and resident in Australia)
- New Zealand citizens (resident in Australia).

## Program structure

Students enrol in the different Academic Communication Skills (ACS) levels based on results of a recognised English language test. The program has 3 levels which students undertake successively. Progress to the next level is predicated upon success in examination and assignments.

## Program completion requirements

Students wishing to apply for direct entry into undergraduate and postgraduate degree programs must meet the [approved pathway and foundation program proficiency requirements](#). Students failing courses in the Academic Communication Skills Program or not meeting the grades requirement for entry are required to retake the course and seek recommendations from the Program Director regarding a suitable pathway to gain entry to degree studies.

### Program articulation

Articulation can occur:

- From [English for Academic Purposes](#) - EAP 2 to ACS 1 to [Category 3](#) programs
- From ACS1 to ACS 2 or [Category 3](#) programs
- From ACS 2 to ACS 3 or [Category 4](#) programs

- From ACS 3 to [Category 5](#) programs.

### **Required time limits**

Standard duration of the on-campus program is a minimum of 10 weeks and a maximum of 30 weeks.

### **Core courses**

Each level of ACS is designed to further advance your academic English language skills and ensure you are prepared to integrate effectively in an Australian academic setting.

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.

This program is delivered in all semesters up to four times per year. Students' entry points depend on their proven, pre-existing level of English proficiency.
