Identifying your IP Phone and logging into the CISCO website

You have now received your new Cisco IP Phone. The phone type can be located on your phone.

Alternatively you can log on [here](#) to view on your PC.

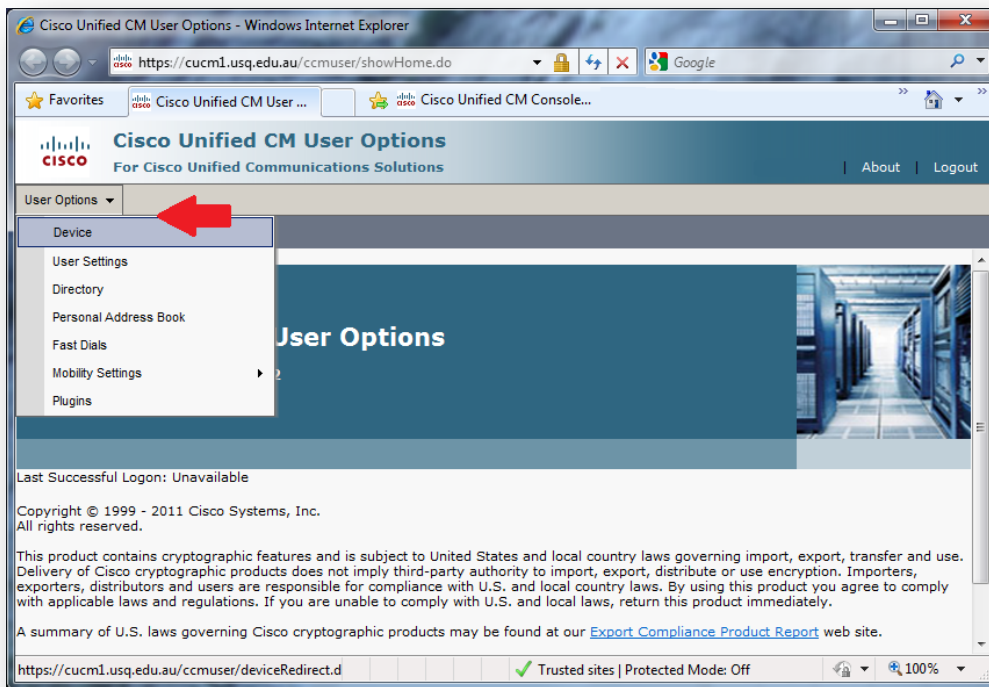

This web site uses the same login as your UConnect Username and password. If you are prompted for a security certificate just click continue.

Division of ICT Services Information Sheet

Identifying your IP Phone and logging into the CISCO website

Once you have logged in select “User Options” > “Device” from the drop-down button at the top left side of the screen.

You can then identify the phone.
