

# EXPLORING NEWER TECHNOLOGIES WITHIN THE LEARNING & TEACHING REALM

USQ/ANU Workshop Thursday, 25 November 2010

Earlier this year eleven USQ staff participated in the ANU Festival of Teaching. This was the first in a number of activities aligned with the USQ/ANU alliance focusing on tech-enhanced learning. This event saw USQ and ANU staff share aspects of their good practice using emerging technologies. ANU staff are now joining us to participate in our Forum. We warmly welcome our colleagues to USQ and look forward to a very productive time together.
